

Appendix 10: Comments by KPC regarding the proposed footpath from Kingston to Lewes.

Kingston Parish Council has seen comments about the Definitive Map Order (ref RWO198).

We agree with the view that the Order route, on the balance of probabilities, does not exist. Moreover, we are extremely concerned that the “reinstatement” of the footpath goes through gardens and houses and could not be enforced, making the proposed route unacceptable.

However, an alternative route that avoided these obstructions could be a positive development, providing a route for walkers but avoiding the extremely dangerous pavement down the side of the C324 going into Kingston.
