

South Downs National Park Authority Open Space Assessment 2023

Open Space (OS) Form

Introduction & Context

The South Downs National Park Authority (SDNPA) has recently commenced its Local Plan Review (LPR). As part of the LPR, the SDNPA is carrying out an Open Space (OS) Assessment to inform the review of the following policies in the Adopted South Downs Local Plan (SDLP):

- **SD45** – Green Infrastructure; and
- **SD46** - Provision and protection of open space, sports and recreational facilities and burial grounds/cemeteries.

As part of the above, the OS Assessment aims to:

- Identify the current (and any shortfalls in) publicly accessible OS provision for the SDNP;
- Provide evidence of OS quality to inform s106 agreements, CIL and other funding bids; and
- Protect existing, and provide new, publicly accessible OS through Policy SD45, Policy SD46, and/or (if appropriate) any potential development site allocations.

Please note, in terms of Local Green Spaces (LGS) [Policy SD47], a call-for-sites was carried out in Summer 2022, and the LGS Assessment 2017 will be updated in due course.

3. Access & Quality Details

(The SDNPA will use the below responses to assess the "quality" of the site).

Information required	Response
What is <u>good</u> about the Open Space? (i.e. ancillary facilities, cleanliness, drainage, flooding, landscape, maintenance, security, safety, signage, welcome feel etc.)	The site contains and is bounded by a few trees and hedging and it feels less manicured than many roadside grassed areas. Local volunteers have planted Spring-flowering bulbs. It fits well in the semi-rural location in which it sits
What is <u>bad</u> about the Open Space and how could this be improved? (i.e. ancillary facilities, cleanliness, drainage, flooding, landscape, maintenance, security, safety, signage welcome feel etc.)	People park on the grassed area which causes damage when the ground is soft. Dog excrement can often be found on the grass making it a less valuable place for children to play.
How is the site accessed? Please also explain if there are any access issues and/or if any access improvements are required.	The site abuts the main road, the C324, Wellgreen lane and is bisected by the access road into Snednore development and the camp site behind. There are no impediments to access from the public highway. It can also be accessed from the Snednore houses via parking spaces.
What is the approximate distance from the Open Space to the edge of the Settlement it serves?	It is in a central location but outside of the settlement boundary. It is abutted in two places by the boundary of two separate boundaries, making up c 40% of its edge.

4. Landowner

Information Required	Response
Who is the landowner of the Open Space?	Kingston Parish Council
If you are the landowner, please explain what future aspirations and plans you have for the Open Space.	To improve the indigenous floristic diversity by reducing frequency of cutting. To allow local volunteers to plant more spring-flowering bulbs.
If you are <u>not</u> the landowner, please outline your interest in the land.
