Item 13.1

Traffic Update

Report on Progress of Establishing a village Speedwatch group.

A positive response was obtained from the ads placed in the 'Massive' WhatsApp group and Kingston News, with around a dozen people expressing an interest in joining the group.

Following this John Bewick approached Speedwatch UK and the

Kingston A speedwatch group was set up. Those expressing an interest have been asked to sign-up to the group and to complete an online assessment. Due to this activity taking place over the summer holiday period the process has been somewhat protracted. However, once sign-up is complete an online training session will be set up followed by on-site risk assessments and final training.

A follow-up report on progress will be presented to the next PC meeting.

John Bewick

Speedwatch Group Organiser
